

Historical Sites, Athens - Clarke County, 2000

Katherine Nichols

September 14, 2017

Data downloaded from GEOG 6370 course website: <https://uga.view.usg.edu>

This map depicts several types of roads, as well as the location of 15 historical sites in Athens Clarke-County. In addition, population density in 2000 according to the National Census is designated by the coloring difference on the map. The map is created to give a general idea of the location of historical sites. The map data created in September of 2017 using data provided in a GEOG 6370 course.
